IN EECCA COUNTRIES

II INTERNATIONAL CONFERENCE

«FOOD SAFETY AND JOINT EFFORTS TO REDUCE ANTIMICROBIAL RESISTANCE»

AGENDA

NOVEMBER 20-21, 2025

Agenda

1st day of the conference – November 20, 2025

9:00 – 10:00	Registration of participants. Welcome coffee break	
10:00 – 10:30	Opening of the conference. Greetings to participants	
	Greetings to the conference participants	Kobiakov O.Yu., Liaison Office with the Russian Federation of the Food and Agriculture Organization of the United Nations (FAO)
	Greetings to the conference participants	Berdyklychev B.A., World Health Organization (WHO) Representative in Russia
	Greetings to the conference participants	Basiladze V., World Organization for Animal Health (WOAH) Regional Representation for Europe
	Greetings to the conference participants	Moshkalo V.V., United Nations Environment Programme Representative Office in the Russian Federation (UNEP)
10:30 – 12:00	Plenary Session Biosafety of food products and antimicrobial agents Moderators: Representative of Rospotrebnadzor (to be agreed), Akimkin V.G., Nikityuk D.B., Tutelyan V.A.	

II INTERNATIONAL CONFERENCE

«FOOD SAFETY AND JOINT EFFORTS
TO REDUCE ANTIMICROBIAL RESISTANCE»

10:30 – 11:00	Food biosafety. Monitoring systems	Akimkin V.G., Federal Budgetary Scientific Institution “Central Research Institute of Epidemiology” of Rospotrebnadzor
11:00 – 11:20	Food Safety: Realities and New Horizons	Tutelyan V.A., Federal State Budgetary Scientific Institution “Federal Research Center of Nutrition, Biotechnology and Food Safety” of the Ministry of Science and Higher Education of the Russian Federation
11:20 – 11:40	The relevance of the problem of AMR diagnostics and preventive measures in the food industry	Kuznetsova O.A., Federal State Budgetary Scientific Institution “V.M. Gorbatov Federal Scientific Center of Food Systems” of the Russian Academy of Sciences
11:40 – 12:00	Food safety issues in the region	Kenny M., FAO Regional Office for Europe and Central Asia
12:00 – 13:00	Lunch	
13:00 – 14:00	<p>Session 1. The role of a coordinated multidisciplinary approach in monitoring the spread of antimicrobials resistance in the food and agriculture sectors</p> <p>Moderators: Kobiakov O.Yu., Akimkin V.G.</p>	
13:00 – 13:20	The FAO “Reduce the Need for Antimicrobials on Farms for Sustainable Agrifood Systems Transformation” (RENOFARM)	Ester D., representative of the Food and Agriculture Organization of the United Nations (FAO)
13:20 – 13:40	Antimicrobials resistance prevention and control – the role of food safety authorities	Hoejeiskov P.S., World Health Organization (WHO), Regional Office for Europe

13:40 – 14:00	Safeguarding Public Health – The Veterinary Role in Food Safety and Antimicrobial Resistance	Basiladze V., World Organization for Animal Health (WOAH) Regional Representation for Europe
14:00 – 14:10	Break	
14:10 – 16:10	Session 2. Regional Laboratory Network on AMR in food and agriculture in EECCA countries, collaborative efforts to reduce antimicrobial resistance	
	Moderators: Kiyasov E.A., Manzeniuk I.N., Djumakanova A.B.	
14:10 – 14:25	About the Regional Laboratory Network on Antimicrobial Resistance in Food and Agriculture in the EECCA countries	Morozova M.S., Federal Budgetary Scientific Institution “Central Research Institute of Epidemiology” of Rosпотребнадзор
14:25 – 14:40	Work carried out by the Inspection Body for Food Safety for the AMR prevention in the Republic of Armenia	Gevorgyan A.K., SNCO “Republican Center for Veterinary – Sanitary and Phytosanitary Laboratory Services” under the Inspection Body for Food Safety of the Government of the Republic of Armenia
14:40 – 14:55	Antibiotic resistance of Salmonella strains isolated from clinical material in 2021 – 2024 in the Republic of Belarus	Yanovich O.O., State Institution “Republican Center for Hygiene, Epidemiology and Public Health” of the Ministry of Health of the Republic of Belarus
14:55 – 15:10	Food safety in the context of combating UMR in the Republic of Kazakhstan	Maksutova G.T., RSE on the Right of Economic Management “National Center of Expertise” of the Committee for Sanitary and Epidemiological Control of the Ministry of Health of the Republic of Kazakhstan

II INTERNATIONAL CONFERENCE «FOOD SAFETY AND JOINT EFFORTS TO REDUCE ANTIMICROBIAL RESISTANCE»

15:10 – 15:25	Activities to contain antimicrobial resistance in the Kyrgyz Republic	Djumakanova A.B., Department of Disease Prevention and State Sanitary and Epidemiological Surveillance of the Ministry of Health of the Kyrgyz Republic
15:25 – 15:40	Resistance of microorganisms to antimicrobial drugs and activities to identify antibiotic – resistant bacteria in food products in the Republic of Tajikistan in 2023 – 2025	Kayumova M.U., “Tajik Research Institute of Preventive Medicine” of the Ministry of Health and Social Protection of the Republic of Tajikistan
15:40 – 15:55	AMR surveillance in Mongolia	Ulziibat G., “State Central Veterinary Laboratory” under the Main Department of Veterinary Service of the Ministry of Food, Agriculture and Light Industry of the Republic of Mongolia
15:55 – 16:10	The network of the FAO Reference Centres for Antimicrobials Resistance	Latronico F., FAO Headquarters
16:30 – 18:30	Gala dinner	

2nd day of the conference – November 21, 2025

9:30 – 10:00	Registration of participants	
10:00 – 11:45	Session 3. Monitoring of antimicrobials residues in food products and food raw materials Moderators: Zarochentsev M.V., Gevorgyan A.K.	
10:00 – 10:15	Regulation of requirements for antibiotic residues in food – supranational approaches	Fedorenko E.V., State Institution “Republican Center for Hygiene, Epidemiology and Public Health” of the Ministry of Health of the Republic of Belarus
10:15 – 10:30	The activities of the Rospotrebnadzor Reference Center include overseeing the residual levels of antibiotics in food raw materials and food products.	Bakaev S.E., Federal Budgetary Healthcare Institution “Federal Center for Hygiene and Epidemiology” of Rospotrebnadzor
10:30 – 10:45	FAO tools to assess capacities in analyzing and monitoring Residues of Veterinary Drugs in Foods (FAO ATLASS – RVDF Tool)	Takeuchi M., FAO Headquarters
10:45 – 11:00	Results of monitoring of residual quantities of antibiotics in food raw materials and food products, standardized in TR CU 021/2011 «On the safety of food products»	Polshchikova G.I., Federal Budgetary Institution of Healthcare “Federal Center for Hygiene and Epidemiology” of Rospotrebnadzor

II INTERNATIONAL CONFERENCE
 «FOOD SAFETY AND JOINT EFFORTS
 TO REDUCE ANTIMICROBIAL RESISTANCE»

11:00 – 11:15	Determination of antibiotic residues in the field of food safety in the Republic of Armenia	Gevorgyan A.K., SNCO “Republican Center for Veterinary – Sanitary and Phytosanitary Laboratory Services” under the Inspection Body for Food Safety of the Government of the Republic of Armenia
11:15 – 11:30	Corresistance in foodborne microorganisms: causes and rationale for containment measures	Sheveleva S.A., Federal State Budgetary Scientific Institution “Federal Research Center of Nutrition, Biotechnology and Food Safety” of the Ministry of Science and Higher Education of the Russian Federation
11:30 – 12:00	Break. Coffee break	
12:00 – 14:00	Session 4. Antimicrobial resistance in food, veterinary and agricultural sectors Moderators: Ivanova O.E., Kulikova N.G., Yushina Yu.K.	
12:00 – 12:15	Antibiotic resistance monitoring system for pathogens of zoonotic animal diseases	Ivanova O.E., Federal State budgetary institution “The Russian State Center for animal feed and drug standardization and quality” of Federal Service for Veterinary and Phytosanitary Surveillance of the Russian Federation

12:15 – 12:30	From farm to fork: collaborative strategies for reducing the spread of foodborne pathogens and combating antimicrobial resistance in the food processing plant	Yushina Yu.K., Federal State Budgetary Scientific Institution “V.M. Gorbатов Federal Scientific Center of Food Systems” of the Russian Academy of Sciences
12:30– 12:45	AMR surveillance pilot study in the food and agriculture sector	Beltran – Alcrudo D., Food and Agriculture Organization of the United Nations (FAO) Regional Office for Europe and Central Asia
12:45 – 13:00	Risk – based monitoring of foodborne pathogens in meat and dairy products on the territory of the Russian Federation	Kulikova N.G., Federal Budgetary Scientific Institution Central Research Institute of Epidemiology of Rospotrebnadzor
13:00– 13:15	Surveillance of Salmonella in food products based on molecular genetic research	Bityumina L.A., Federal Budgetary Scientific Institution “Central Research Institute of Epidemiology” of Rospotrebnadzor
13:15 – 13:30	Antifungal resistance of zoonotic fungal infections	Manoyan M.G. Federal State budgetary institution “The Russian State Center for animal feed and drug standardization and quality” of Federal Service for Veterinary and Phytosanitary Surveillance of the Russian Federation
13:30 – 13:45	Strengthening veterinary education on antimicrobials resistance – curriculum assessments in Europe and Central Asia	Beltran – Alcrudo D., Food and Agriculture Organization of the United Nations (FAO) Regional Office for Europe and Central Asia

II INTERNATIONAL CONFERENCE
 «FOOD SAFETY AND JOINT EFFORTS
 TO REDUCE ANTIMICROBIAL RESISTANCE»

13:45– 14:00	Reagent kits for determining the resistance of microorganisms to antimicrobials	Bikshaleev A.K., Scientific and production laboratory of the Federal Budgetary Scientific Institution Central Research Institute of Epidemiology of Rospotrebnadzor
14:00 – 15:00	Break	
15:00 – 17:40	Session 5. Development of approaches for diagnostics and overcoming bacterial resistance to antimicrobial drugs in food products and agriculture Moderators: Tutelyan A.V., Mikhailova Yu.V., Tartakovskiy I.S.	
15:00 – 15:15	Genomic epidemiological surveillance of microbial pathogens of the ESKAPE – pathogen group in medicine and agriculture	Tutelyan A.V., Federal Budgetary Scientific Institution “Central Research Institute of Epidemiology” of Rospotrebnadzor
15:15 – 15:30	Microbiota of agricultural soils as a reservoir of microbial resistance genes	Lyamin A.V. Federal State Budgetary Educational Institution of Higher Education “Samara State Medical University” of the Ministry of Health of the Russian Federation
15:30 – 15:45	Population structure and spectrum of antibiotic – resistant foodborne bacterial pathogens from different geographical regions	Mikhailova Yu.V., Federal Budgetary Scientific Institution “Central Research Institute of Epidemiology” of Rospotrebnadzor

15:45- 16:00	Development of new diagnostic methods based on CRISPR/Cas genome editing systems	Tyumentsev A.I., Federal Budgetary Scientific Institution “Central Research Institute of Epidemiology” of Rospotrebnadzor
16:00 – 16:15	In silico analysis in the development of PCR test systems for the detection of bacterial pathogens in animals. What can we do better?	Krylova E.V., Federal State budgetary institution “The Russian State Center for animal feed and drug standardization and quality” of Federal Service for Veterinary and Phytosanitary Surveillance of the Russian Federation
16:15 – 16:30	Current issues of food safety in relation to listeriosis infection	Tartakovsky I.S., “Gamaleya Center” of the Ministry of Health of the Russian Federation
16:30 – 16:45	Microbiota of spices and herbs: risks or potential benefits?	Lyamin A.V., Federal State Budgetary Educational Institution of Higher Education “Samara State Medical University” of the Ministry of Health of the Russian Federation
16:45 – 17:00	Antimicrobial resistance of non – typhoidal Salmonella: analysis of data from the Salmonella Monitoring Reference Center	Kuleshov K.V., Federal Budgetary Scientific Institution “Central Research Institute of Epidemiology” of Rospotrebnadzor
17:00 – 17:30	Closing of the conference. Adoption of the resolution
